

Correspondence

PAROWAN

Paragonah to Incorporate.

Attorney T. H. Burton of Paragonah was here Monday and that evening met with the people of Paragonah to explain to them the plans and advise them as to the proper procedure for organizing a town. It was decided at the meeting to appoint a committee to complete the work, and Wm. P. Barton, Edward Owens and William Edwards were named on the committee. Attorney Burton will draw up the necessary articles at any early date and present them for their acceptance.

Gordon Eatough and little son Watson were in Cedar on Monday.

Berta Benson is assisting in the Times office during Miss Golda's absence.

Mrs. Jennie Pritchard and her daughter are visiting in St. George with Mrs. Mae Cottam, Mrs. Pritchard's daughter.

Charles N. Corry and wife motored over to Parowan with their brother, Sheriff J. H. Corry, last week, on land business.

Dr. Burton announces the arrival of a baby boy at the home of Mark Guymon, Jr., and a baby girl at the Lawrence Mortensen home.

Dr. E. Smith, the dentist who has been working in Parowan for some time, was called home last week, his wife being seriously ill.

Mrs. Grace Slender of Lund is in Parowan visiting her sister, Mrs. J. S. Brown, who has just returned from a three months visit at their old home in Kansas.

Monday afternoon a little boy of Joseph Stevens was run over by a wagon. The child was painfully bruised but no bones were broken.

Mrs. Swearingen of Los Angeles is here taking Mrs. Barber's place as accompanist for the Haydn Society. The lady is also continuing the piano work with the private pupils.

Mrs. Nina L. Barber, accompanied by Miss Lannie Mitchell, went to Long Beach, California, last week. Mrs. Barber will remain there while Miss Lannie will visit for a short time.

The basket ball game played here Friday night by the Minersville high school and our town boys was an easy game for the Parowan boys. The score was 32 to 14.

George R. Gunn's house caught a fire last Saturday morning, due to a defective flue. Fortunately Mrs. Gunn had not yet left for church, and the fire was put out before much damage was done.

STATELINE.

Stateline, Utah, March 13, 1916. Garnet seems to be the favorite color with some of the people here in Stateline.

Bids for twice-a-week mail service between Stateline and Modena are being advertised for by the Post-office department, and from all indications there will be several bidders.

Mr. Lucas came up from his ranch on the Escalante Valley on business Sunday. Mr. Lucas is wearing a very broad smile, elated over the prospects for a good farming year.

Mr. Bowers came up during the week from his ranch. He feels so jubilant over the prospect for the mines here this season that he says he feels like rolling up his sleeves and getting to work in them himself, but his interests at the ranch will not permit him to do so.

Henry Flinspach and his father, George Flinspach, came up from the ranch today. The elder gentleman will resume work on his Dead Cat mine near town and will work until April 20th, when duties at the ranch will demand his attention. He will return later in the summer, however, and intends to put up a whim. Henry stayed all night and went back the next day.

Dillard Lancaster, in staking out some claims on the steep hillside the other day, made a mistep on the icy snow and soon found himself at the foot of the hill. From all appearances Dillard is unhurt, but for some reason he is taking his meals standing up. Probably some new fad.

Thomas Drake came up from Modena during the week. He came over a short time ago but went back on account of the deep snow. On his road from Enterprise Tom stopped at a place near Harold Hall and Lawrence Coleman west of Modena, where

they have been trapping, but have stopped for this season. They say Harold put in a bid on the contract to carry the mail.

Last week Dillard Lancaster went down to the Escalante Valley for a team of horses, and stayed all night at George Wright's ranch. He says that everything with George is as fine as silk and that he is raising hogs until further orders.

Mr. Bennett and Lawrence Lay Cook came up from the ranch Sunday on business. Mr. Laycook remained in town while Mr. Bennett went up and inspected the Ophir.

Captain George, the Indian who owns a ranch on Rattlesnake Creek, at the foot of Indian Peak, is wearing a smile these days that seems to reach from ear to ear. It seems to be of the variety that won't come off, according to the report of some visitors to his ranch recently, when he showed them several copies of some matrimonial papers that came addressed to the captain personally. He is in high spirits and spends considerable of his time before the glass, and the remainder scanning the pages of the cupid's columns. He thinks he can get any or all of the members that he likes.

A few days ago Henry Flinspach and William Dean went down into Hamblin Valley prospecting. Mr. Dean don't say much, but it is evident that he has something up his sleeve that looks good to him. Henry gave us a nudge that Dean will be the boy with the goods. He will be back later on.

S. A. Higbee and son Lon from Cedar City started out to visit his son Thomas Higbee, who has a cattle ranch at Crookshank Canyon, in Nevada. They reached O'Grain's ranch, after about a week on the road, being delayed on account of the snow. The two Lons say they won't come again until they know for sure that it is mid-summer. The people of Stateline accuse the above gentlemen of getting cold feet, but the snow they encountered would give anybody cold feet, without a doubt. They also warn the gentlemen that if they come out again and fail to pay us a visit, that there will be something doing.

KANARRAVILLE.

Kanarraville, Utah, March 12. The Y. L. M. I. A. presented the play on which they have been engaged for some time past. It was well received and was all that could be expected in light of the fact that the actors were all amateurs.

Saturday night the Primary Association gave a cantata before a fairly good house.

The boys have been having base ball games frequently of late. On February 22 those living on the east side of Main street played those on the west side. The score was 21 to 17 in favor of the west side. On the announcement of the result of the game the east side challenged the west side for another game, to be played March 4th. The game resulted in another victory for the west side, with a score of 37 to 12.

The lineup was as follows:

West Side Team.
Jesse Roundy, catcher.
Golden Roundy, pitcher.
Frank Nixon, first base.
Jewett Wood, second base.
Bert Davis, third base.
Ren Roundy, left field.
Tom Adams, center field.
Vivian Decker, right field.
Elden Reeves, short stop.

East Side Team.
Elmer Davis, catcher.
Leland Stapley, pitcher.
Earl Smith, first base.
Leon Davis, second base.
Ren Williams, third base.
Rulon Platt, left field.
William Stapley, center field.
Lester Ford, right field.
Carl Smith, short stop.

The school boys challenged the New Harmony boys for a game next Saturday, but the challenge has not been accepted.

NEW HARMONY.

New Harmony, Utah, Mar. 13. Ex-Bishop Gottlieb Schmutz, who was injured by a bull some weeks ago, is not getting along as well as we would like. We hope for improvement soon.

Mrs. Frank Kelgey, who has been to Grafton to visit her parents, returned home yesterday bringing her mother, Mrs. Ballard, with her.

Those who attended conference at Parowan from this place were: Mr. and Mrs. Joseph Prince, A. F. Mathis, William Faught and Mr. Boshart. They returned home this morning.

Bishop Pace and mother, Susan E. Pace, made a flying trip to Cedar City today.

Mr. and Mrs. Mason Rencher of Pine Valley came over Saturday to visit Mrs. Rencher's parents. Mrs. Rencher was formerly Miss Anna Bell Schmutz.

Leslie Anderson of Lehi is here working with Bishop Pace.

Ashby Pace and James L. Prince have been down to St. George on business.

The Relief Society will give an entertainment on the 17th and after it a dance and oyster supper.

PARAGONAH.

Paragonah, Utah, Mar. 13, 1916.

The basket ball games played here Thursday evening between Minersville high school and the mixed team of school and town boys, and between the single and married men, were well attended. Everybody seemed to be very enthusiastic over the games. The score was 30 to 24 in favor of Minersville and 24 to 12 in favor of the single men. A poor beginning should mean a good ending, so look out for us when we get in shape.

There was quite a number of our townspeople in attendance at quarterly conference at Parowan Saturday and Sunday.

Dr. J. A. Green of Parowan lectured to the Relief Society sisters on "The Care of the Baby" last Tuesday afternoon at the regular session. His remarks and instructions were much appreciated by the sisters.

Walter Bozarth, Karl, Amenzo and J. B. Topham have just returned from Milford, where they have been after freight.

The little son of W. P. Barton, who had the misfortune to swallow a nickel, was taken to Cedar for treatment. The doctor succeeded in pushing it on down, and the child was much easier according to last reports.

Miss Alva Barton has just left for Beaver, where she intends to work for some time.

Mrs. Eliza S. Barton has just returned from Henrieville, where she has been spending the winter with her daughter, Mrs. Sadie Savage.

The stork seems to be one of our earliest spring birds. It has already made several trips among us and has now left a baby girl at the home of Mr. and Mrs. J. C. Robb and a baby boy at the home of Mr. and Mrs. Milton Robb.

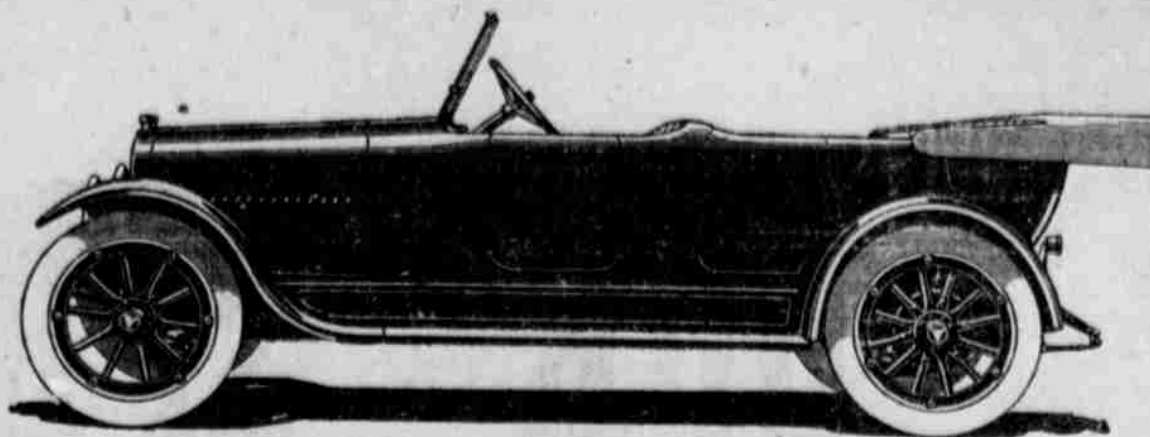

Miss Lilas McBride went to Cedar Saturday to visit her sister Thelma, who is attending school at the R. A. C. this winter.

BRANCH A. C. NOTES.

This week has been one of rejoicing at the school and in town. When the message came saying that the B. A. C. five had won the State championship in basket-ball, a thrill of pride and joy ran through town. Tuesday it was a difficult matter to hold the students in check. Classes were attended with reluctance. When it was learned that the team would not be here until Wednesday, it was decided to prepare to meet them in a manner befitting heroes of renown. Accordingly preparations were made for one of the biggest celebrations that the school has ever known. The celebration began at five o'clock with a matinee dance given by the "Sophas." At six a funeral procession, consisting of all the students and the band, followed the corps of the defeated rival, Lehi, to Main street, where, after most rousing and impressive services, it was committed to the flames. Then the procession returned to the college, there to partake of a banquet prepared by the girls. The celebration ended with a dance, where speeches were given by Principal Homer, Coach Christensen and Captain Walter Hansen of the team. This is one of the occasions that will always be remembered by the school and will be spoken of as "That good time when the team got first in the state." We are proud of the team, not only for the fact that they won the championship, but for their past work. We are also proud of the fact that three of the team won places on the all-state team, and we congratulate them on their success.

A new club has lately sprung up in the school, which is called the S. T. S. It consists of about twelve boys, who made their first appearance as a club last Wednesday. All members wore the club costume, which resembles the scouting outfit. They will entertain for the first time Saturday night at a dancing party in the auditorium.

Mr. Homer, who has been in the northern part of the state for the past two weeks, attending to business connected with the school, has returned.

WE ARE CONSTANTLY ASKED TO EXPLAIN THE PHENOMENAL PERFORMANCE OF THE MOTOR OF THE HUDSON SUPER-SIX.

VIBRATION AND THE FRICTION IT CAUSES ARE THE FOES OF ALL MACHINERY. TO ELIMINATE THIS VIBRATION IS THE IDEAL OF EVERY ENGINEER. HUDSON ENGINEERS HAVE DISCOVERED A WAY TO BUILD A "VIBRATIONLESS" SIX. THE RESULT:

A CAR THAT WILL ATTAIN A SPEED OF 60 MILES AN HOUR IN 25 SECONDS FROM A STANDING START; A CAR THAT WILL RUN 75 MILES IN ONE HOUR'S TIME; A CAR THAT WILL CLIMB THE STEEPEST HILLS AT A SNAIL'S PACE ON HIGH GEAR—A "SUPER SIX"

FOR SALE.—Little Berkshire pigs. Enquire of Will Lunt. 2w.

FOSTER BROTHERS LEASE

DR. THORLEY'S INTERESTS

Bishop S. J. Foster, with his brothers George and Joseph, have leased Dr. Robert A. Thorley's farm west of town some three or four miles, and also his sheep interests, leaving the Doctor free to attend to his dental practice.

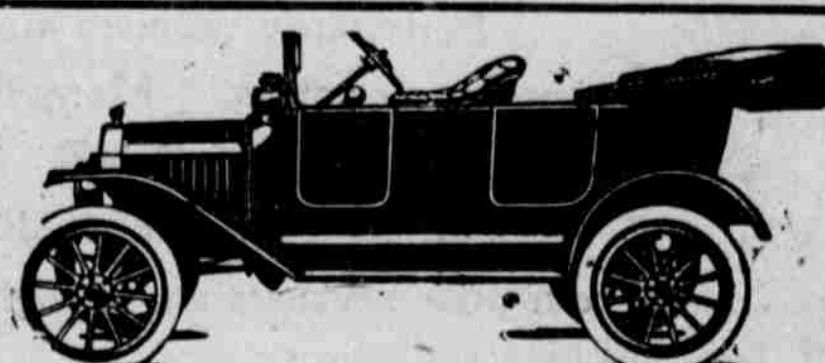

This is the farm that Professor Sharp directed last year, and is recognized as a very valuable piece of property.

The exact terms of the lease are not divulged, but it is understood to be a stipulated cash percentage on the invested capital.

It is needless to say that Bishop Foster, who is also cashier of the local bank, will have to entrust the business chiefly to his brothers.

Miss Bulah Hollis of the Clifton ranch near Sarver was in Cedar today transacting business.

Sophomore Week! An entirely new thing in school life. Never before has one week been given to any one class in which to entertain the rest of the school. Beginning with Monday morning, the Second year class has endeavored to show us how talented, how full of the spirit of class loyalty and how resourceful they are. All during the week each member of the class has worn an '18 badge of the class colors, orange and black. The banner, which was won by them in the class basketball series this year, has been seen in the library, in chapel and in the matinee dance Tuesday. The class gave the chapel, which was so good that the rest of the classes were envious. On Wednesday another surprise was carried out in a very original way. All of the girls appeared in sack-aprons and the boys in overalls, which they wore at the matinee dance given by them in honor of the team. Finally, to end the week of fun, a grand ball will be given in the auditorium, in which the "Sophas" will give a further demonstration of their ability to create fun for the enjoyment of others.
